8. MyBookie SuperContest starts on Thursday, September 5, 2019 and conclude on Sunday, December 29, 2019 (provided no games are in delay as per rule 35).
9. The MyBookie SuperContest is based on selecting winning teams against the spread each week of the Pro Football regular season.

11. Contestants must select five (5) professional football teams per entry, per week. Contestants who submit less than five selections will only be eligible to receive points for the matchups selected. Contestants who fail to submit their selections will not receive points for the week.
12. Contestants may submit their selections at any point during the pro football week. However, MyBookie will only guarantee availability of the SuperContest application until 12pm ET each Sunday. Contestants waiting until after 12pm ET to submit or change picks do so at their own risk.

14. Selections save automatically with the odds available at the time the selection is made.
15. Contestants may change their selections at any time until a game locks. Each game locks at its scheduled start time and will no longer be available for selection after that time. Once a game locks, the selections is confirmed and cannot be changed.
16. If a contestant removes a selection and the odds for that specific game have changed, the contestant will only be able to re-select that game with the updated, current odds.
17. Contestants may not select the same side twice on a single entry. In the event a contestant has two entries they may select the side of the game on one (1) entry and the same side of the same game for the second entry.
18. Contestants may not select both sides of the same game on a single entry. In the event a contestant has two entries they may select one side of the game on one (1) entry and the opposite side of the same game for the second entry.
19. Each winning selection against the point spread will count as one (1) point on the leaderboard. Ties (pushes) against the point spread count as one half (0.5) point.
20. The leaderboard will be updated in real-time after every Pro Football game of the regular season.
21. The contestants that accumulate the most points during the contest will be deemed the winners based on their position in the leaderboard.
